Please feel free to communicate with NYS and Antony about questions for HDR. Antony can tell you who he is working with.

Bob

Bob,

Good morning!

Do you know who at New York State is working with the files shared by HDR for the Harbor models? I was wondering if Antony, me and the users from NYS and NYCDEP can communicate about technical issues/questions related to the model before sending questions to HDR. If we have common questions, we can save the allocated hours for technical assistance. The issues that I am facing now are primarily related to the different versions of FORTRAN/LINUX rather than the code.

Please let me know whether this is feasible.
